INFINITY SERIES

Up to Eight Zones of Ultimate Comfort

Things to Consider Before You Buy

Ultimate Control

Carrier specializes in creating a customized home comfort system tailored to your needs with a broad selection of residential heating and cooling products. Carrier's Infinity™ Zone Control gives you unprecedented command of comfort and energy efficiency in up to eight separate zones within your home. Your Carrier dealer can help you choose the best system for your home, including Carrier-exclusive features that further enhance your indoor environment.

- The Infinity™ Zone Control, offers the ability to control comfort and energy use in up to eight zones.
- The Infinity Zone Control is your personal command center where you can precisely set and control temperature, humidity, indoor air quality, fan speed, ventilation and more.
- The Infinity Zone Control allows full, seven day programmability so you can precisely match your daily use patterns for the best combination of efficiency and comfort.
- With IdealHumidity™, monitor and adjust your home's humidity level even when your home comfort system isn't actively heating or cooling. Keeping the proper balance of moisture in your home allows you to remain more comfortable at higher temperatures in the summer and lower temperatures in the winter. And, more efficiency means lower utility costs.

IdealHumidity™

Ease of Use

To ensure that you'll enjoy all the benefits of a zoned Carrier home comfort system, we've designed the Infinity Zone Control for ease of use. From the large, backlit display to the on-screen help prompts, we've made every effort to give you ultimate control without having to navigate a sea of complicated commands.

- Day-at-a-glance programming allows you to quickly match your heating and cooling needs with your daily schedule.
- Temporarily override current settings for each zone or change to pre-programmed vacation settings with push-button simplicity.

Peace of Mind

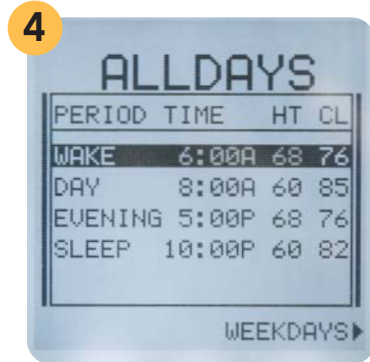

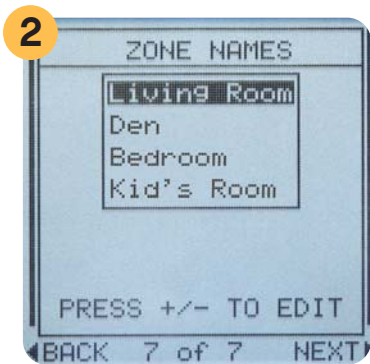

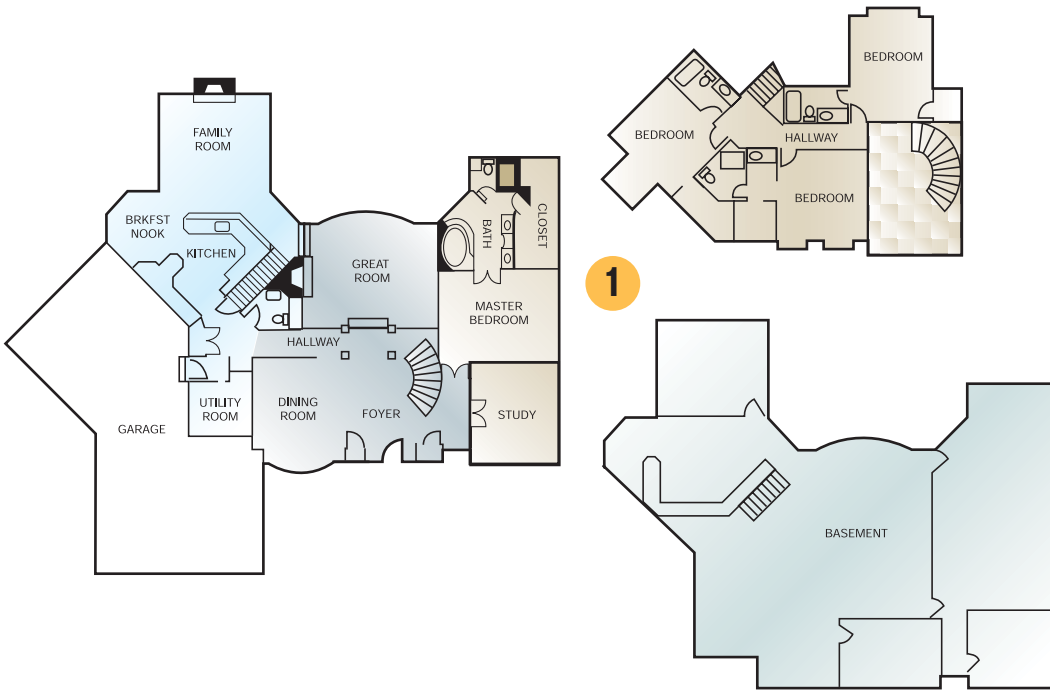

The Infinity Zone Control provides worry-free comfort with service reminders that help you keep your system operating at peak performance for years of efficient, reliable operation.

Access from Anywhere

With Infinity™ Remote Access, you will be able to access your Infinity™ System from anywhere with Internet or telephone access. Log onto the web site or call into the 1-800 number and you will be able to communicate with your Infinity System. Have you ever been on vacation when a sudden cold front came through at home? Were you afraid that your pipes would freeze? If you had Remote Access, you could have logged into your comfort system to turn on the heat or check your system.

Technology

- 1 Customized comfort** with up to eight zones means you can virtually eliminate hot and cold spots for even, consistent comfort throughout your home. Maximum efficiency is achieved by delivering comfort precisely where AND when you need it so you aren't spending money heating or cooling unused rooms.
- 2 Customized zone names** make it easy to reference current comfort levels or create new settings for the correct zones.
- 3 Patented fan control** lets you set different fan speeds for each zone for ultimate control over airflow in your home. Different fan speeds can also be set for each zone for different time periods.
- 4 7-day programmability** gives you ultimate flexibility with the ability to set a different comfort schedule each day for each zone.
- 5 Smart Sensor** or Remote Room Sensors in each zone monitors individual zone temperatures and allow you to adjust the temperature setting for that zone.

Warranty

The Infinity™ Zone Control is protected by a five-year limited warranty. Extended warranties are also available. Ask your Carrier dealer for further details.

Turn to the Experts

Willis Carrier invented air conditioning in 1902. Over 100 years later, we're proud to say Carrier systems are trusted in more homes than any other brand.

Carrier continues to be on the forefront of innovative engineering and unsurpassed standards of excellence. So when choosing a home comfort system, you'll want to turn to the experts. Your Carrier dealer will evaluate your home, such as window placement and size, ductwork, other structural specifics and lifestyle to provide a customized indoor comfort plan designed specifically for you. And when you have an expert helping you make an educated decision, you're going to feel more comfortable.
